The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.pbucc.org or call 1.800.642.6543. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.HealthCare.gov/sbc-glossary/.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$200 individual/$400 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Office visits, preventive care services, urgent care, outpatient mental health, outpatient substance abuse, and rehabilitation services are covered before you meet your deductible. Copayments and coinsurance amounts don't count toward the deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$2,000 individual/$4,000 family network for medical services $4,000 individual/$8,000 family out-of-network for medical services $3000 individual/$6,000 family for prescriptions	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Network: Premiums, balance-billed charges, and health care this plan doesn't cover do not apply to your total maximum out-of-pocket. Out-of-network: Copayments, premiums, balance billed charges, prescription drug expenses, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your overall **deductible** has been met, if a **deductible** applies.
